

Barrel sample request

A barrel sample can be allocated only if this form has been filled in correctly and completely and submitted together with the sample.

Please ensure that your wines are well packed and delivered to us ready for sale.

Product name: _____

Bottler:

Sample number: _____

I confirm that during bottling the abovementioned sample fully met the stipulated specifications and the laboratory values indicated in the submission documents and that the

batch volume (litres) of: _____

with the **probable lot number:** _____

will be bottled at latest four months after the tasting.

If the sample wins a medal at one of our competitions, it can be approved for the batch to be bottled only upon submission of the bottling analysis.

We reserve the right to request retained samples for analysis. In the event of analytical discrepancies, we may disallow the award.

Date: _____

Company:
